25X1 4. [] Met with Pat Mee, Administrative Assistant to Congressman Ogden R. Reid (R., N. Y.), and gave her a copy of the proposed new wording of the section of Congressman Reid's bill to benefit RFE employees. She said that she felt that the new wording was preferable to the general wording in Congressman Reid's bill and suggested that possibly Congressman Rodino might introduce a bill with the specific wording rather than Congressman Reid, since Mr. Rodino is a member of the Immigration Subcommittee.

25X1 5. [] Left in Mr. Blandford's office for passage to Blandford and Chairman Rivers information on the recent personnel changes in the Agency.

25X1 6. [] Talked with George Murphy, on the staff of the Joint Committee on Atomic Energy, with reference to the meeting of the DCI with Senator Anderson and Representative Hollifield on 15 June. I furnished him with a general outline of the topics covered in that meeting which are discussed in somewhat more detail in the memorandum for the record of 15 June 1965. Also discussed with Murphy the additional information concerning the capacity of India to produce tanks and other armed vehicles. He will pass this information on to Congressman McCulloch. Further, it was agreed that we would incorporate this additional information into the transcript of the hearing of 16 June when that transcript is corrected and returned to the Committee. I also briefed Mr. Murphy on the background of [] Mr. Murphy will brief those members who were interested in this and, in addition, it was agreed that we would include additional information when the transcript of the 16 June briefing is corrected. Mr. Murphy was also requested to brief Mr. Conway, the Staff Director, on the special project item which the DCI discussed with Senator Anderson and Chairman Hollifield.

25X1 7. [] Talked with Robert Michaels concerning the recent personnel changes in the Agency. I also advised him in general on the previous information that we had in the Agency concerning the new Soviet cargo plane which was displayed in the Paris Air Show earlier this week. Mr. Michaels stated that if it was possible, the Chairman would like to have a brief meeting with the Agency first thing Monday morning. He will advise later if this is firm.

The blind memorandum on the Board of Geographic Names was left with Mr. Michaels.
